SKILLS

Technical Skills	Python, Java, PHP, Laravel, JavaScript, SQL, Next.js, Node.js, React.js, HTML, CSS, Machine Learning (Vision), OOP, LaTeX, Database Management, REST APIs, Vicidial, Asterisk
Soft Skills	Leadership (Team Lead at NextTech Limited), Technical Documentation, Teamwork, Problem-solving, Time Management, Communication, Project Management
Languages	English (Fluent), Bangla (Native)

EXPERIENCE

In-house Web Developer <i>Dial Dynamic LTD</i>	Oct 2025 – Present <i>Dhaka, Bangladesh</i>
- Developed and maintained full-stack web applications for VoIP and hosting services including DDIALER, BULK SMS, DDHOSTER platforms - Technologies: PHP, MySQL, Laravel, REST APIs, Vicidial, Asterisk, HTML, CSS, JavaScript - Built responsive and scalable web solutions for telecommunication services with optimized performance - Implemented secure payment gateways and user management systems	
Full Stack Web Development Intern <i>NextTech Limited</i>	July 2025 – September 2025 <i>Dhaka, Bangladesh</i>
- Developed web applications using modern frameworks and technologies including EventORG project - Collaborated with team members on project development, deployment, and code reviews - Implemented responsive designs and backend APIs for event management system	

PROJECTS

Floka	🔗 Live Demo
- Modern, responsive landing page featuring a sleek design, smooth animations, and interactive UI components - Implemented mobile-first layout with optimized performance and cross-browser compatibility <i>Tech: HTML5, CSS3, JavaScript</i>	
Professional Projects (Dial Dynamic LTD)	
DDIALER	🔗 Live Demo
- VoIP service platform handling user management, billing systems, and call routing infrastructure - Implemented secure payment gateways and real-time call monitoring dashboard <i>Tech: PHP, MySQL, JavaScript, HTML/CSS, Vicidial, Asterisk</i>	
DDHOSTER	🔗 Live Demo
- Web hosting management platform with automated domain registration and hosting plan provisioning - Integrated cPanel/WHM APIs for seamless hosting account management <i>Tech: PHP, MySQL, JavaScript, HTML/CSS, cPanel API</i>	
DIAL DYNAMIC Company Website	🔗 Live Demo
- Corporate website showcasing telecommunication services with client portal integration - Developed responsive frontend and admin dashboard for content management	

– Tech: PHP, MySQL, JavaScript, HTML/CSS

Academic & Personal Projects

• Particle System

 [Live Demo](#)

- Interactive particle animation system built with HTML5 Canvas and JavaScript
- Features dynamic particle behavior, mouse interaction, and real-time rendering
- Tech: JavaScript, HTML5 Canvas, CSS

• Computer Vision-Based Human Activity Recognition

 [Code](#)

- Thesis project developing real-time activity recognition system for elderly care monitoring
- Implemented and compared CNN and LSTM architectures achieving 92% accuracy on benchmark datasets
- Optimized models for real-time inference on edge devices
- Tech: Python, TensorFlow/PyTorch, OpenCV, Deep Learning

• EventORG - Event Management System

 [Code](#)

- Complete event management solution with registration, scheduling, and automated notifications
- Implemented role-based access control for organizers, vendors, and attendees
- Tech: PHP, MySQL, JavaScript, HTML/CSS, Bootstrap

• Homemade Food Delivery System

 [Code](#)

- Integrated Design Project (IDP) connecting home chefs with local customers
- Features include order management, real-time delivery tracking, and payment integration
- Tech: PHP, MySQL, JavaScript, HTML/CSS, Google Maps API

EDUCATION

Bachelor of Science in Computer Science and Engineering

2021 – 2025

Green University of Bangladesh

Dhaka, Bangladesh

CGPA: 3.69/4.00

Dean's Award Recipient (Twice)

ACHIEVEMENTS

- Internship Certificate as Full Stack Web Developer, NextTech Limited
- Certificate of Participation, Bengali Pronunciation Workshop (Green University Club for Languages)
- Dean's Award for Academic Excellence (Awarded Twice)

RESEARCH

Thesis: Computer Vision based Human Activity Recognition for Elderly Care Monitoring
